

Which Sustainable Development Goal does your initiative align with?

Consider the sport and development activity you are currently working on or planning, as identified in step 1.5 'Identify an Opportunity'

Reflect on the specific SDG targets you wish to align this initiative to and why they are relevant. Each SDG has a series of specific targets – You can find out more by clicking the image above and visiting the [UN Website](https://www.un.org/sustainabledevelopment/) or reviewing the handout from step 1.9 'Sport and the SDGs'

It isn't possible for an initiative to prioritise all of them, so just choose one primary and one or two secondary targets to help keep your initiative manageable.

SDG Priority 1

SDG Priority 2

SDG Priority 3
