Make sense of Feedback Template:

Feedback collected:	Name of Idea: Name the idea something fun	
All feedback is placed in this column	**Description of Idea:** Add description here (we do this as it helps us simplify our language from previous versions but also it helps us communicate this feedback with others.	
	Gains:	**Pains:**
	Add feedback that is positive here.	Add feedback that is negative here.
	Refinements:	
	Looking through the gains and pains, what alterations would you make to the prototype. Nothing is too small so state all the changes you would make.
