

# Step – Tools for writing in an online lesson

## Answers

The following are suggested ideas:

**Learners write a word or phrase** – interactive whiteboard; chat box

**Learners write a longer text** – shared screen tool showing a word processing document; shared document which can be edited by everyone

**Learners peer edit or add comments to a partner's written work** – shared document which can be edited by everyone

**Learners write a sentence** – interactive whiteboard; chat box
