

# Step – Materials and activities for online lessons

## Task

Watch the video of teachers talking about materials and resources and complete these sentences:

## Answers

1) Marie Therese says coursebooks work because **they set out a syllabus and a curriculum, and they can advise teachers about what tenses to teach and what sort of vocabulary they can introduce at particular levels.**

2) Lindsay says that if you work for a company that provides you with materials, you may be able to **adapt them depending on the company's policy.**

3) Marie Therese says the internet is a good place for materials, for example, **YouTube videos, TED Talks, articles from newspapers.**

4) Lindsay talks about learners bringing materials to lessons. For example, **you might have a business person who says they need to write a letter or they've received an email that they would like you to help them with.**

5) Jade says it's important to keep tasks and handouts as **simple as possible and to limit the number you use in a lesson.**

6) Helen says teachers need to plan what learners do in the lesson, and to decide which activities **should be done in lesson time and which activities should be individual study.**
